

SECJ3553-04 - ARTIFICIAL INTELLIGENCE

Course Materials

Week 1: Introduction to AI

- Basic concepts of AI**
- History of AI**
- Types of AI systems**

Week 2: Machine Learning Fundamentals

- Supervised Learning**
- Unsupervised Learning**
- Reinforcement Learning**

Week 3: Neural Networks

- Perceptrons**
- Activation Functions**
- Backpropagation**

Note: This is sample content. For the real course materials, please contact your lecturer.
